A Week At The Airport

A Week at the Airport: A Heathrow Diary. In the summer of 2009, Alain de Botton was installed in the middle of Heathrow's Terminal Five on a raised platform with a laptop connected to screens, enabling passengers to see what he was writing and to come and share their stories.

A Week at the Airport: A Heathrow Diary by Alain de Botton

A week is not enough time to garner a good overview of an Airport and all the characters and situations that arise. An Airport is a twenty four hour place with the same number of inhabitants as a small city; everyone has a story to tell- sadly not explored in this book.

As someone who loves travel, and is endlessly intrigued by the happenings at international airports, Alain De Botton's A Week at the Airport is a delightful window into the culture apart that this feature of the modern world embodies.

Amazon.com: Customer reviews: A Week at the Airport

A Week at the Airport We all spend longer than we would like waiting around in airports, but we rarely discover anything about our fellow travellers or those who work there. In the summer of 2009, however, Alain de Botton was given unprecedented, unrestricted access to wander around Heathrow, one of the world's biggest airports, having been appointed its Writer-in-Residence.
