The textbook follows the scope and sequence of most Human Anatomy and Physiology courses, and its coverage and organization were informed by hundreds of instructors who teach the course.

Anatomy and Physiology - Open Textbook

I've retaken anatomy 1 twice. First semester, got injured and stopped going to school (but I couldn't switch to withdrawing the class), second semester I actually tried but I don't believe it was enough. I'm only allowed to retake Anatomy once more. However, since I have too many credits, I have to make sure I wing it, and wing it in one hit.
