MOLA is an archaeology and built heritage practice and independent charitable company registered with the Chartered Institute for Archaeologists, providing a wide range of professional archaeological services to clients in London and across the country. It is one of the largest archaeological service providers in the UK, and is the only one with IRO status. MOLA's operations were historically focused within Greater London but are increasingly nationwide. It employs over 300 staff across 4 ...

Museum of London Archaeology - Wikipedia

I remember skimming through Ottaway's *Archaeology in British Towns* shortly after its release in hardcover and finding little new information relating to my research on late Romano-British towns. The 1996 release of the paperback edition, however, provided an opportunity to return for a more thorough reading of this book and, this time, to appreciate it for what it is: a sometimes compelling and well-written history of urban archaeology in pre-modern Britain.

1997.2.13, Ottaway, Archaeology in British Towns - Bryn ...

Great Britain. Cities and towns, Medieval. Archaeologists have shown that towns can claim to be more representative of the nature of society of which they formed part than any other type of site. In towns we are most likely to find archaeological evidence of both long-distance and local trade, of exploitation of natural resources, of specialization and of technological evidence in manufacturing, of social differentiation, of the means of political control, and of the...

Medieval Towns: The Archaeology of British Towns in Their ...

Archaeology, or archeology, is the study of human activity through the recovery and analysis of material culture. Archaeology is often considered a branch of socio-cultural anthropology, but archaeologists also draw from biological, geological, and environmental systems through their study of the past.
