AP Biology Lab Manual for Teachers - College Board

Since 1989, there have been 12 laboratories—lovingly nicknamed "The Dirty Dozen"—that are "suggested" curricula for AP Biology classes. They "span the globe" in their topics and their techniques: from a behavior lab involving detailed visual observations to a biotechnology lab involving electrophoresis equipment with an extensive protocol. The AP Biology Laboratory Manual for Students and ...

Laboratory 5: Cell Respiration adapted
from AP Biology Lab Manual Overview In
this experiment, you will work with
seeds that are living but dormant. A
seed contains an embryo plant and a
food supply surrounded by a seed coat.
When the necessary conditions are met,
germination occurs, and the rate of
cellular respiration greatly increases.
