### China Goes Global The Partial

In his book China Goes Global, the Partial Power, David Shambaugh, a China expert at George Washington University, acknowledges China's epochal metamorphosis from one of the poorest and, some would argue, insignificant countries in the world to one of the wealthiest. He calls this transformation, as many have before him, the "big story of our time."

### China Goes Global: David Shambaugh, Mark Ashby ...

China Goes Global: The Partial Power, by David Shambaugh, OUP USA, £20/\$29.95, 320 pages. Today's debate about the future of global order is marked by a near-certainty that China's economy will overtake that of the United States within the next decade.

### China Goes Global: The Partial Power - Kindle edition by ...

China Goes Global: The Partial Power. Most global citizens are well aware of the explosive growth of the Chinese economy. Indeed, China has famously become the "workshop of the world." Yet, while China watchers have shed much light on the country's internal dynamics--China's politics, its vast social changes, and its economic development--few have focused on how this increasingly powerful nation has become more active and assertive throughout the world.

### China Goes Global: The Partial Power | Wilson Center

David Shambaugh is an internationally recognized authority and author on China. As the first book to piece together all of the facets of increasing Chinese global power, it will be necessary reading for anyone interested in the issue. China Goes Global. The Partial Power. David Shambaugh.

### China Goes Global - Hardcover - David Shambaugh - Oxford ...

Wherever one turns, China is in the news - gobbling up resources, soaking up investment, expanding its overseas footprint, asserting itself in its Asian neighborhood, being the sought-after suitor in global governance diplomacy, sailing its navy into new waters, broadening its global media exposure and cultural presence, and managing a mega-economy that is the engine of global growth.

### China Goes Global: The Partial Power | YaleGlobal Online

In China Goes Global, eminent China scholar David Shambaugh delivers the book that many have been waiting for--a sweeping account of China's growing prominence on the international stage. Thirty years ago, China's role in global affairs beyond its immediate East Asian periphery was decidedly minor and it had little geostrategic power.

### China Goes Global: The Partial Power - David Shambaugh ...

He concludes that China is not a global power as conventionally believed; it is, at best, a partial power with far less influence in global political, economic, military and cultural sphere s.

### (PDF) China Goes Global: The Partial Power

In contrast, Shambaugh argues that China is a partial power, with greater presence but not necessarily greater influence. He maintains that China's global presence is broader but shallow, a pithy assessment that is likely to become widely cited.
