Silvia Hagen's "IPv6 Essentials" (Current (2nd) edition now a little long in the tooth) was a good introduction to the technical aspects of IPv6. "Planning for IPv6" purports to address the practical implementation side of IPv6: Building a business case, planning for and rolling out IPv6 within an organisation.

One of the first books I came across was "IPv6 Essentials 2nd Edition" By Silvia Hagen. I had the good fortune to meet Sylvia many years ago at the yearly Novell Brainshare conference. I remember her then being an early proponent of IPv6. The name of this book was a very interesting choice. There is something in this book for
