The James M. Anderson Center for Health Systems Excellence is dedicated to sharing its expertise and knowledge. The pediatric Evidence-Based Care Recommendations developed at Cincinnati Children's Hospital Medical Center are developed by experts, patients and families to help pediatricians provide the best possible care to patients.

Evidence-Based Care Recommendations

"Clinical practice guidelines are systematically developed statements to assist practitioner and patient decisions about appropriate health care for specific clinical circumstances." (Institute of Medicine, 1990) Issued by third-party organizations, and not NCCIH, these guidelines define the role of specific diagnostic and treatment modalities in the diagnosis and management of patients.
