Robot Dreams analysis (answers) - Google Docs

The series started in 1940, with the story "Robbie" in the September 1940 Super Science Stories (appearing under the title "Strange Playfellow", which was not Asimov's title). Although it was originally written as a stand-alone story, the following year Asimov published a series of additional robot stories, which fit together into a narrative that was then put together as the book I, Robot.

Eve's Robot Dreams | Indiegogo

The legendary Asimov is well-known for writing books by the hundreds, each brimming with ideas. More often than not, though, character takes a back seat to the hard science fiction topics, particularly in his "Foundation" and "Robot" series. But "Robot Dreams," one of his short story collections, shows another side of Asimov.
