After all, predicting the end of days is a tricky business. The Mayan Calendar. The end of the world was predicted to occur on December 21, 2012, when one of the great cycles in the Mayan calendar came to an end. In the run-up to the day, the internet abounded with predictions about an apocalypse happening on "12/21/12".

End of World 2020 - No Apocalypse This Year Either

Final Days of Planet Earth is about alien insects that make their way to earth to colonize earth using humans as fodder literally. Good acting from a very solid and well established cast and some good writing takes the slight twist on Invasion of The Body Snatchers and makes it good.

The Four Ways The Earth Will Actually End

In this new volume, Sitchin shows that the End is anchored in the events of the Beginning, and once you learn of this Beginning, it is possible to foretell the Future. In *The End of Days*, a masterwork that required thirty years of additional research, Sitchin presents compelling new evidence that the Past is the Future—that mankind and its planet Earth are subject to a predetermined cyclical Celestial Time. In an age when religious fanaticism and a clash of civilizations raise the specter of ...
