Collingham shows how the British diet changed as Empire grew. For example, there was barely anything British about the traditional cup of tea which quenched the thirsts of countless workers. This necessary refreshment was a concoction of leaves picked in Asia and sugar produced on Caribbean slave plantations.

A history of the British Empire told through twenty meals eaten around the world In The Taste of Empire, acclaimed historian Lizzie Collingham tells the story of how the British Empire's quest for food shaped the modern world. Told through twenty meals over the course of 450 years, from the Far East to the New World, Collingham explains how Africans taught Americans how to grow rice, how the East India Company turned opium into tea, and how Americans became the best-fed people in the world.
