Mrs. Herrero disappeared up the staircase to the fourth floor, and I returned to my room. The ammonia ceased to drip, and as I cleaned up what had spilled and opened the window for air, I heard the landlady's heavy footsteps above me. Dr. Muñoz I had never heard, save for certain sounds as of some gasoline-driven mechanism; since his step was soft and gentle.

It's very common for even the best of sleepers to suddenly start having sleep problems, whether that means having a hard time falling asleep at bedtime or abruptly waking up during the night. Your toddler may be having night terrors, which are similar to sleepwalking but are more dramatic. Night terrors are often related to being sleep-deprived.
